

I Product: ANIOSGEL Plus		
Description: CLEAR LIQUID GEL WITH SLIGHT ALCOHOL ODOR		
Composition	Manufacturer	Emergency Telephone No.
Ethanol 53% (v/v) Isopropyl Alcohol 17% (v/v) 2-phenoxyethanol Thickeners	Laboratories Anios Pave du Moulin 59260 Lille-Hellemmes France	Alcavis HDC, LLC 8322 Helgerman Court Gaithersburg, MD 20877 USA Phone: 301-330-7597 Fax: 301-330-6432
II Composition		
Hazardous Components		
Isopropyl Alcohol 17% (v/v)	F, R11	CAS n.67-63-0
Ethyl Alcohol 53% (v/v)	F, R11	CAS n.64-17-5
III Hazards Identification		IX Physical Data
Irritant for the eyes: Contact with eyes may cause erythema and watering.		Appearance at 68° F (20° C) Color: Clear Odor: Typical alcohol
Easily Flammable		pH 8 ± 0.5 at 68° F (20° C)
IV First Aid Measures		Specific gravity 0.884 ± 0.007 g/cm ³
Eye contact: Immediately flush the eyes with plenty of water for at least 15 minutes. Get medical attention if irritation persists.		Viscosity approx. 950 mP/s
Ingestion: Rinse the mouth with water. Drink large quantities of milk. Consult a doctor in case of persistent irritation.		Flash point approx. 70° F (21° C)
V Fire Fighting Measures		Flammability YES
This product is flammable Flash Point: 70° F (21° C) Method: PMCC		X Stability and Reactivity
Flammability Classification: NFPA 30 Class 1B Flammable Liquid		Stability: Stable in normal conditions of use and storage.
Extinguishing Media: The alcohol induced fires should be preferably fought with "Alcohol" foams, dry chemical or carbon dioxide. Water may be used for small fires or to cool down the objects exposed to the fire.		Conditions to avoid: Keep away from flames and fire.
Fire Fighting Procedures: Standard procedures for fires of chemical origin. Use respiratory protection apparatus.		Incompatible materials: Organic and inorganic strong oxidizers. Acids and alkalis. Nitric acid and silver nitrate.
VI Measures in case of spills or accidental dispersion		XI Toxicological Information
Collect the spills with an absorbent agent for disposal. Smaller spills may be flushed with large amounts of water.		Eye contact: It may cause eye irritation characterized by conjunctive by redness and watering.
VII Handling and Storage		Ingestion: It may cause nausea and vomiting.
Handling: Do not swallow, for external use only. Avoid contact with the eyes. Firmly close bottle after use. Storage: Avoid overheating. Store at room temperature between 40° F(5° C) and 95° F (35° C).		XII Ecological Information
VIII Individual Protection/Exposure Controls		Prepared with substances easily biodegradable.
Observe general safety procedures when using a chemical agent. No particular personal protection is required.		XIII Disposal Considerations
OSHA PEL = 400 ppm ACGIH TLV = 400 ppm ACGIH STEL = 500 ppm		The product may be flushed using ample amounts of water, if in accordance with local, state and federal regulations.
XVI Other Information		XIV Transport Information
The information provided herein good faith is believed to be correct as of the date thereof. However, the Manufacturer and the Distributor do not make representation as to the comprehensiveness or to the accuracy of specific properties. The individuals using the product and receiving this information are expected to use their best judgment in determining risks and precautions connected to the use of this product.		Ground: (For 1 liter sizes and smaller): Consumer Commodity, ORM-D or (For larger than 1 liter): Ethyl Alcohol , Class 3, Flammable Liquid, UN 1993, PG II, Limited Quantity
This information is intended to provide a general notice as use, safety and storage of this product. It is not applicable to unusual or non-standard use of the product or for uses different from which this product has been conceived.		SEA - IMDG: (For 1 liter sizes and smaller): Ethyl Alcohol , Class 3, Flammable Liquid, UN 1993, PG II, Limited Quantity or (For larger than 1 liter): Ethyl Alcohol , Class 3, Flammable Liquid, UN 1993, PG II, IMDG Code 3345.
RATINGS HEALTH: 1 FLAMMABILITY: 3 REACTIVITY: 0		AIR - IATA: (For less than 1 liter sizes): Consumer Commodity, Flammable Liquid, UN 1993, PG II.
		XV Regulatory Information
		MSDS: Directive 91/ISS/CEE modified by Dir. 93/112/CEE: Dangerous substance or preparation.
